DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see pages 4-5, filed 16 July 2004, with respect to claims 1 and 12 have been fully considered and are persuasive. The 35 U.S.C. 102(b) of claims 1 and 12 has been withdrawn.

Regarding Applicant's arguments that Miyagawa et al. does not disclose that the hinge cover component having a movement including both linear movement and rotational movement, Examiner agrees.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jack Pasquale on 17 September 2004.

The application has been amended as follows:

- At claim 1 line 5 change "which cooperate with" to -- which cooperate with said--.
- At claim 1 line 6 change "which cooperate with first casing" to -- which cooperate with said first casing --.

Art Unit: 2831

- At claim 1 line 7 change “hinge cover component and movement” to -- hinge cover component and pivotal movement --.
- At claim 12 line 5 change “which cooperate with” to -- which cooperate with said--.
- At claim 12 line 6 change “which cooperate with first casing” to -- which cooperate with said first casing --.
- At claim 12 line 7 change “hinge cover component and movement” to -- hinge cover component and pivotal movement --.

Allowable Subject Matter

3. Claims 1-22 are allowed.

4. The following is an examiner’s statement of reasons for allowance:

The limitations found in claims 1-22 are neither disclosed nor taught by the prior art of record, alone or in combination. The current art of record does not disclose the limitations of “second pivot means, which cooperate with said first casing part to allow both linear movement of said hinge cover component and pivotal movement of said hinge cover component about second cover pivot axis” in combination with the other limitations recited in claims 1 and 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
